In testimony to the rest of the student body, we want to say that we have enjoyed the last year. We will forever have imprinted in our memories the goals, frustrations, desires and accomplishment of our years here at Roscoe High. Because we have learned about maturity and cooperation, have grown emotionally, mentally and intellectually, we walk confidently forward in anticipation for our future years for which we have been adeptly prepared.

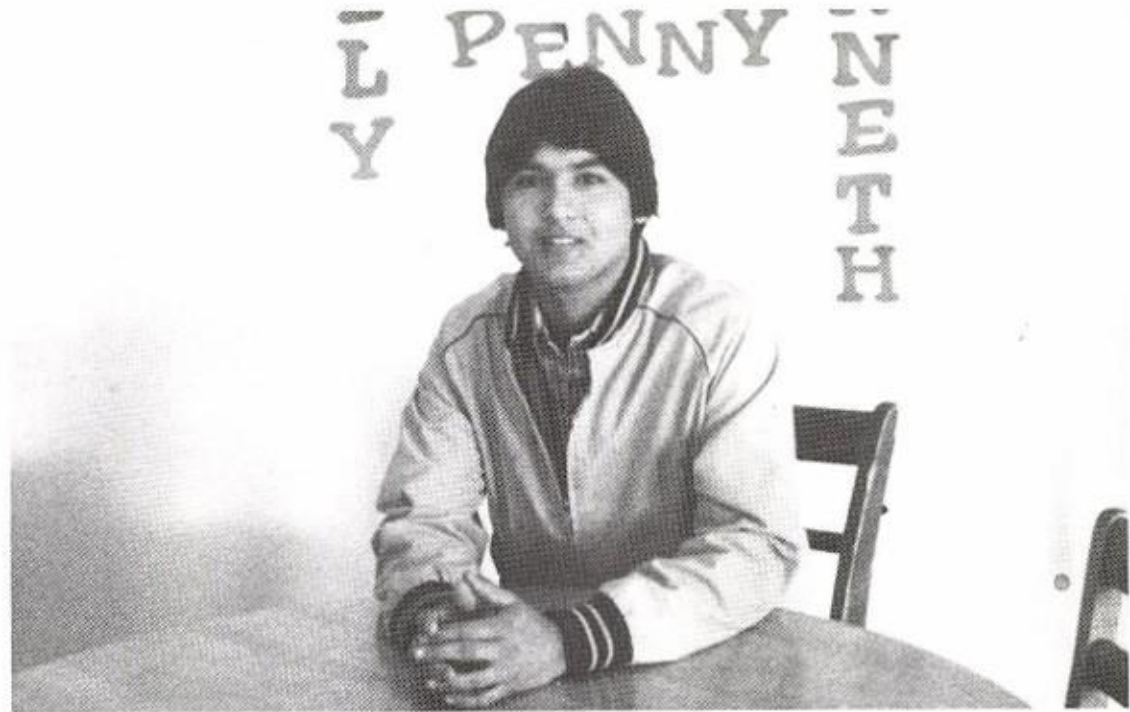

"Is anyone looking?"

"Did someone say party?"

"I'm just another pretty face in the crowd."

"On the Verge of a Big Mac Attack."

"Who me?"

Sally sitting pretty.

FACULTY

SCHOOL BOARD

The 1983-84 School Board members include John C., Brasuel Jr., President, Gene Campbell, Freddy Freeman, Letha Boston, Randall Whorton, Mark Davidson, and Larry Williams.

To the Graduating Class of 1984:

May I take this opportunity to congratulate you for having been one of the most outstanding classes of all times. You were involved in state championships, being outstanding in both academic goals and extra-curricular activities.

May you continue to have the success you have experienced during your years in Roscoe High School.

Best Wishes,
Mr. Raughton
Elementary Principal

The thing that makes anything great is the people who are a part of that thing. If Roscoe High School has been — or is to be — a school of honor and pride, the students attending will have to be the source of that honor and pride. It is hoped that in years to come you will look back on the pages contained in this annual and find that you were a contributor, no matter how minute, to that honor and pride we have at Roscoe High School.

Steve Hopper

To the Student Body:

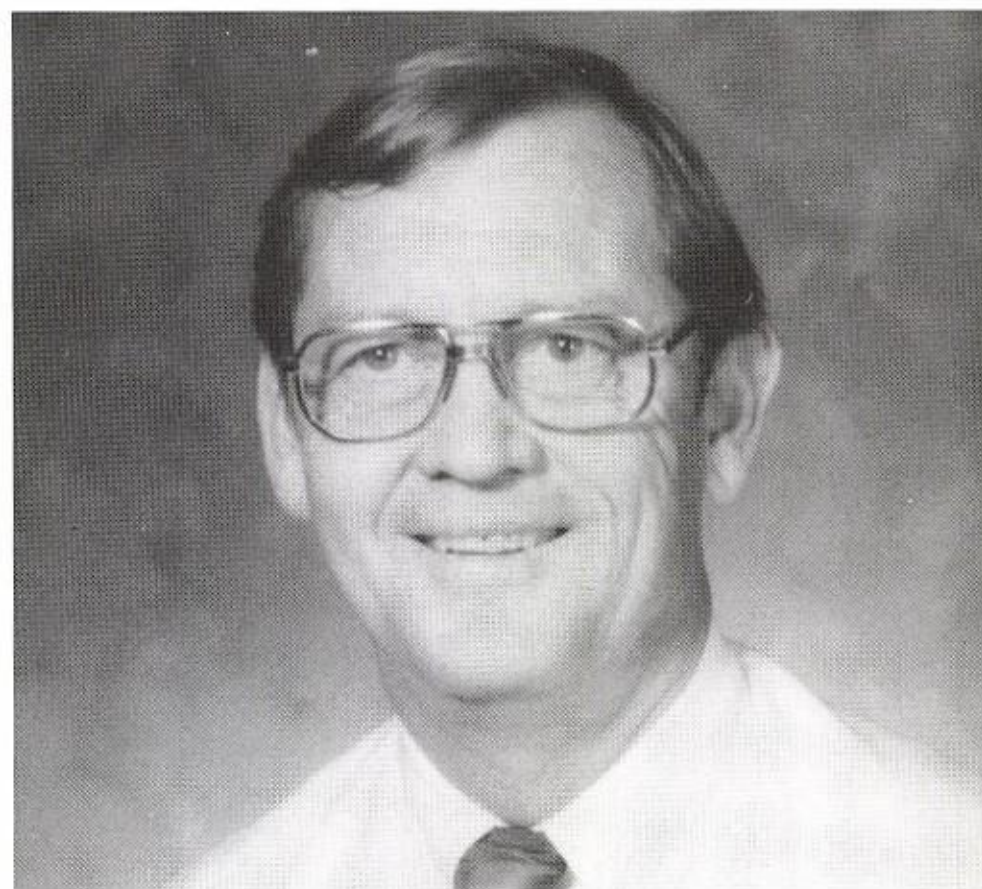

There's an old saying that we have all heard many times: "You can't see the forest for all the trees." Sometimes, we become so involved in our own assignments and problems we easily overlook the total significance of what is happening.

Education for the masses had never been attempted in the world prior to the experiment in this country. What really is happening is that through education this nation has created equal opportunity.

Those extra assignments, the early play rehearsal, the Saturday afternoon band clinic, and those pop quizzes really are worth the effort.

Besides all that, these days in school are what you will describe to your children and grandchildren as the "good old days."

Sincerely Yours,
Bill Spurgin

Time to Go . . .

But Never Time to Forget

On behalf of the Gleaner staff, I would like to say thanks to the student body and faculty for making 1983-84 such a wonderful year. Creating an annual is never easy, but it is always considered fun. It has been more than a pleasure to collect the fond memories that R.H.S. has tallied during the year. This memory book would not have been possible without the students' hard work and accomplishments. The staff hopes each of you enjoy the 1983-84 Gleaner as we have enjoyed making it.

Sincerely,
Donna Clark
1984 **Gleaner** Editor
